ANNE DE SOLÈNE
PARIS - 1906

"CELEBRATES ITS 120TH ANNIVERSARY"

As the heir to a Vosges-based spinning mill founded in 1906, Anne de Solène embodies the excellence of French home linens around the world. Hand-designed and crafted from the finest fabrics, our creations carry on exceptional craftsmanship while honoring tradition.

Refined home linens, crafted with the utmost care, and designed to complement interiors with softness and character.

Boldness and emotion have always defined our collections, where every detail reflects our quest for true elegance and absolute comfort.

Today, more than ever, we celebrate the sustainability, authenticity, and beauty of the artisanal craft.

This 120th anniversary is an opportunity to thank all those who, generation after generation, have contributed to making Anne de Solène an essential reference in the world of bedding.

Paris Secret

Just as it has been for great artistic and creative figures, staying in a Parisian luxury hotel becomes a way of life.

It is an immersion into a hushed, luxurious world where refined opulence and a flair for design reign supreme. A colorful, theatrical atmosphere, rich in patterns and bold combinations.

The Fall-Winter 2026 collection embodies this elegance infused with exoticism, blended with opulent materials to add a touch of the spectacular to everyday life

Floral patterns, abstract accents, subtle solids : each design becomes a form of textile expression, reflecting your tastes and style.

PATIO

SATEEN, TC 300, ORGANIC COTTON

The hotel becomes a territory of expression where, nourished by the history of the place, a resolutely theatrical atmosphere takes shape, bringing together equatorial leaves, lotus, orchids, and the enigmatic presence of a sleeping leopard.

« A FRENCH IDENTITY »

Today, our design studio, based near Lille, prioritizes hand-drawn sketches and works with passion to bring the brand's DNA to life.

Building on an exceptional heritage, Maison Anne de Solène also enriches its collections through regular acquisitions from textile archive specialists, thereby fostering a constant dialogue between tradition and creativity.

Our manufacturing workshop, located in Fontaine-au-Pire in the Hauts-de-France region, allows us to oversee every stage of production and guarantee impeccable quality for every piece.

We select the finest fabrics for their comfort, drape, and timeless elegance.

To celebrate this anniversary during the Fall-Winter 2026 season, we have reissued the archival prints Eugénie and 4 Continents, emblems of our passion for floral motifs and the timeless elegance of Toile de Jouy.

By reimagining these iconic designs, we continue to write our story—a story of elegance, French craftsmanship, and timeless inspiration.
